2023 Foal Pedigree Guide and Resources

**Use your cell phone camera to scan the QR codes and view each foal's pedigree.*

Filly = Female foal
Colt = Male foal
Sire = Stallion/Uncastrated mature Male
Dam = Mare/mature Female

This guide is created in collaboration with the *Chincoteague Pony Pedigree Database* and is designed to be used at the July Pony Penning auction for extended pedigree reference and auction documentation. Foals are listed in birth and auction number order for ease of use.

***Please note that because of the absence of DNA testing sire and dam information on a pony could change if new evidence emerges. The International Chincoteague Pony Association & Registry and the Chincoteague Pony Pedigree Database do not guarantee any foal parentage and are not associated with the Chincoteague Volunteer Fire Company. This guide is for reference only.**
